30 CLASSES **15** YEARS

MOTHERS of the MOSAIC

As we celebrate 15 years of ministry,

it is fitting that we recognize the "Mothers of The Mosaic." These ladies played a huge role in getting The Mosaic Center started. God put the vision of a special place for women in Angelina County on their hearts. "When God is going to do something big with His people, he makes people of like-minds. We had a front row seat to see how God answers prayers. When it's God's ministry and you are obedient, He just showers you with blessings," said Carolyn Tinkle. Thank you so much for your hearts for this ministry and this community! Your faithfulness and obedience to God's call will continue to reverberate for years to come through countless lives touched at The Mosaic Center.

After 13 years of service, *Susan Newcomer* will certainly be missed at The Mosaic Center. Susan began volunteering in 2007. She served in numerous volunteer and staff roles: Mentor, Assistant Program Director, Board Member, Donor, Hearts for Hope Committee Member, Teacher, as well as Office Manager for the past 6 years. Susan stated that "becoming involved changed my life!" Thank you, Susan, for the way you selflessly poured your time, gifts and talents into this ministry and the lives of many Mosaic students.

Communications Coordinator, *Jessica Grenier* and her husband Dan have recently moved to the Fort Worth area to be closer to family. A huge thank you to Jessica for all her many contributions! **#YOURPIECEMATTERS** We are so grateful for the outstanding work she did over the past 3.5 years on the Hearts for Hope Dinner Auction. She led an incredible team of volunteers to create an inspiring and impactful event that will continue to win the hearts of supporters for years to come. Also, a special blessing for Jessica and Dan... they will be starting a family of their own very soon with the expected arrival of a baby girl in February 2021! Congratulations!

Please join us in welcoming *Marcelyn Godley* as our new Office Administrator. She has been a leader with Bible Study Fellowship (BSF), and she has volunteered in the Mosaic Computer Lab and as a Receptionist. She brings a true servant's heart and 30 years of experience in teamwork as a computer programming consultant for banking institutions. She is from the Houston area and moved to East Texas in 1997. When asked why she wanted to work here, she said, "The presence of the Holy Spirit at The Mosaic Center is absolutely tangible. I have witnessed the impact of this ministry on the ladies who come here and it is so beautiful. I know only God can bring about these changes and it is a blessing to be a part of the work that God is doing here."
